NSW Maritime and SLSNSW

The registration of this Vessel is for “strictly SLSNSW activities” and does not register a vessel for any other type of activity. Registrations of a Vessel are valid for 12 months.

By registering a vessel using this form, all signed parties agree to meet the Water Traffic Regulations – NSW under section 38(4A) of the Maritime Service Act 1935. Under this Act an Exemption Order has been issued by the Chief Executive of NSW Maritime.

SLS Identification Number

IRB Registration details must be permanently displayed on each side of the forward half of the vessel. The Registration Number must be affixed in block letters at least 150mm in height or 100mm in height for a personal water craft (PWC) contrasting in colour with the hull background.

**If a vessel is being transferred / sold to any external party (not to a SLSC and/or not for SLS duties), its current registration number (SR number) plus all SLS associated screening/logos must be removed prior to it being transferred.**
