

INTRODUCTION TO THE JUNIOR DEVELOPMENT PROGRAM

The junior development program is designed to ensure children from the ages of 5 to 12 have fun at the beach while participating in lessons that will pathway them to becoming a lifesaver – what we like to call ‘Serious Fun’.

The specially designed program pathways knowledge and skills learning outcomes through lessons that are tailored to each of the age groups; ensuring the content is relevant, in line with lifesaving and surf sports most up to date training standards and most of all exciting! Each age group has its own individual set of lessons – between 10 and 16 depending on the age group.

The table below outlines the award pathway for a junior member in surf life saving. The junior development program pathways learning towards the Surf Rescue Certificate, which members can begin training towards from the age of 13.

SLSA JUNIOR DEVELOPMENT RESOURCE KIT

This season will see the introduction of the SLSA Junior Development Resource Kit which comprises a number of resources for the effective delivery of the junior development program to participants.

There are a range of resources for the age manager and participants including:

Age Managers Guide	A comprehensive resource designed to prepare an age manager for their role.
Age Guides	A ‘one stop shop’ for an age manager to deliver the requirements for the specific junior age group award, i.e. Surf Aware 1.
Recordsheets	To record the participation of participants as they progress through the award.
Worksheets	Used to assist with delivering some of the lessons
Certificates	Recognition of having participated in all the lessons, therefore gaining the award.
Passport	Charts a participant’s progression through each lesson of each award

The **Junior Development Resource Kit** is now located on the SLSA website in the **secure resources library** to protect SLSA's intellectual property from the public and to create a more efficient means of sharing documents.

To locate these resources go to www.slsa.com.au – find and click on the '**Secure Resource Library**' link in the Quick Links area – this will take you to a secure login page.

To access these resources you will need a **User Account** with a login **username** and **password**. Every club has a generic User Account for use by all members within the club which can be obtained from your club secretary/administrator.

Once in the secure area, click on the following folders to find the resources you require: **Club Resources – Development – Junior Development Resource Kit**.

SLSSA have provided a complete set of the Age Guides, Worksheets and Record sheets in hard copy to each Club for their use in 2008/09.

Certificates for each award recipient will be provided by SLSSA. Please liaise with SLSSA staff to arrange these towards the end of the season for presentation or otherwise when this may be relevant.
